## BioNue™

### Super Probiotic Formula Reintroduce Much Needed Friendly Bacteria

#### What is BioNue™?

A powerful combination of broad-spectrum probiotics. BioNue™ contains billions of the various helpful bacteria (probiotics) in optimal proportions to enable the bodily processes to function properly. Bifodobacterium breve, Bifodobacterium longum, Lactobacillus rhamnosus, Lactobacillus sporogenes and Lactobacillus acidophilus are combined to provide the friendly bacteria the body needs. Unique to BioNue™ is Lactobacillus sporogenes which was recently found to produce the beneficial lactic acid that improves probiotic shelf life and is able to survive the digestive processes in the stomach. BioNue™ also nutritionally supports your body's ability to fight the pathogenic bacteria that you may consume in your food.

#### How?

This combination of super probiotics may allow the body to normalize its digestive and absorption processes and to counteract the pathogenic bacteria which may be ingested via food and environmental contamination. BioNue™ reintroduces needed friendly bacteria that modern diets, lifestyles and antibiotics take out of our bodies. BioNue™ is clinically researched and tested using RTM Technology\* live blood analysis.

#### What People are Saying

"I am a young mother who had to plan my day around knowing where every clean restroom was within 15-minutes of my arrival time. I was diagnosed with chronic colitis. (a less severe version of Crohn's disease). I started taking HealthWalk's BioNue, excluded sugar and processed foods and gradually increased my fiber intake. Within one month, I was cured! I have normal bowel movements and needn't worry about where the closest bathroom is anymore."  
— Susan Jones Sacramento, CA

#### Supplement Facts

Serving Size: 1 Capsule • Servings Per Container: 90

	Amount Per Serving	%RDA
Lactobacillus Rhamnosus - 2.2 billion		*
Bifodobacterium Breve - 1.20 billion		*
