Relieve Repair Rejuvenate

ReGenesys™

Restore Your Energy & Support Healthy Neurological Function

What is ReGenesys™?

ReGenesys™ has many health benefits and is the result of over 25 years of research utilizing RTM™ Technology to observe people's cellular biology. This powerful enzymes preparation was developed from practical applications in a clinical setting. Studies have revealed that the enzymes in Regenesys lower C-reactive protein levels (a marker of chronic infection in the body) on average by 30%! ReGenesys™ has been shown to be supportive for pain relief, to promote healthy nerve, muscle and bone tissue growth, enhanced energy and normal sleep patterns.

How?

The latest research, published in the New England Journal of Medicine, has documented that individuals with high levels of C-reactive protein have up to 6 times the likelihood of a heart attack or strokes as individuals with lower levels. The enzyme formulation in ReGenesys™ has been shown to reduce the levels of C-reactive protein which is also linked with many diseases such as autoimmune, rheumatic and cardiovascular diseases, inflammations, infections, injuries, osteo and rheumatoid Arthritis, joint and muscle pain, herpes and other viral infections, cancer and Hepatitis C and many other degenerative diseases.

What People are Saying

"I had chronic pain and fibromyalgia for 20 years. The pain was so debilitating that I spent the last several years in a wheelchair and took Methadone and Vicodin three times a day. Since I began working with HealthWalk, the pain is completely gone. Now I take ReGenesys instead of prescription drugs. And the wheelchair is a thing of the past."

— Julie Thoma Lincoln, CA

Supplement Facts

Serving Size: 5 Capsules • Servings Per Container: 60

	Amount Per Serving	%RDA
Elemental Calcium	333.3mg	33.3%
