

Car Cup Holder Insert

INSTRUCTIONS:

1. Your **car's cup holder** may be smaller than the production **HydroMag Cup Holder**.
2. You can use an ordinary pair of scissors to trim the edge of the **HydroMag Cup Holder** to fit your **car's cup holder**.
3. You can trim up to $\frac{1}{4}$ " of each side.

IMPORTANT - If you trim off more than $\frac{1}{2}$ " diameter the construction of the HydroMag becomes compromised and will be less effective.
