

MISSION

"The mission of HealthWalk is to provide humanity with innovative health and wellness products and services **to maintain and regain vibrant health**. We serve and honor our clients, colleagues, shareholders and our planet by operating our business and living in an environmentally, economically and socially sustainable manner. We are dedicated to developing and offering leading edge holistic technologies and products to promote health, vitality and well being."

OUR VALUES

1. **Our business is in improving the quality of long-term human existence on this planet.** Everything we do must be aligned to and be measured by our success in achieving this goal. We value, above all, our ability to serve everyone who can benefit from the appropriate use of our products and services, thereby providing lasting positive change for them and for the earth.
2. **We are committed to the highest standards of ethics and integrity.** We are responsible to our clients, to HealthWalk associates and their loved ones, to the environment, and to humanity worldwide. We operate and act at the highest professional and ethical levels for the common good in our interactions with all segments of society.
3. **We are dedicated to excellence and commit our research, technologies, products and services to improving human health and the quality of life.** We strive to identify the most vital health and well being needs for people and we devote our resources to meeting those needs.
4. **We expect sustainable profits, but only from work that fulfills our clients' needs and benefits humanity.** Our ability to meet our responsibilities depends on maintaining a financial position that allows for investment in leading-edge research and for effective delivery of products and services.
5. **We recognize that for us to achieve our mission we depend on the integrity, knowledge, imagination, skill, diversity and teamwork of our associates and we value these qualities most highly.** Consequently we work in an environment of mutual respect, encouragement and teamwork and we reward commitment and performance. We are responsive to the professional growth and well being of our associates and their loved ones.

HealthWalk is fundamentally a healthcare company. We offer leading edge, scientifically proven and effective products and services that provide an integrated healthcare system for a vibrant life. Our success stems from our ability to apply the appropriate technologies and products in our innovative range to the unique needs of each one of our clients. All this is made possible by the people of HealthWalk and our partners in their commitment to the well being of people and the planet.
